

Dear Ladies and Gentlemen,

while winter is already on its way, **BAU 2019** – the world's leading trade fair for architects, materials and systems – is also slowly approaching. From **14 to 19 January 2019** we will present you the latest developments in Munich, such as the new detachable miniature door loops M 13 35, which impresses with low assembly costs and high-energy "inner values".

Since you are a valued business partner, we would love to see you there and welcome you to the cosy atmosphere of our **Stand 541 in Hall B3**.

NEW MINIATURE DOOR LOOP M 13 35

In preparing our detachable miniature door loop M 13 35, our developers paid a great deal of attention to combining the particularly small construction form and the highest possible

performance.

The benefits for you: Easy assembly by diagonal installation into standard window and door profiles without milling.
